Professional Summary

Results-driven Frontend Developer with 5 years of experience building high-performance web applications. Skilled in **JavaScript, TypeScript, React.js, Next.js**, and **UI/UX design**, with proven ability to deliver intuitive user experiences, integrate APIs, optimize performance, and implement reliable solutions. Adept at using **Tailwind CSS, Figma, and testing frameworks** to create clean, maintainable code. Strong collaborator with a focus on clean architecture, code quality, and timely delivery in agile environments. Experienced in **React Native** for mobile development. Additionally, familiar with **MongoDB** and basic backend integration using JavaScript.

Core Skills

- Languages : JavaScript, TypeScript
- Frameworks & Libraries : React.js, React Native, Next.js, Redux, Context API
- UI/UX & Design : Tailwind CSS, CSS3, HTML5, Figma, Adobe XD
- Databases : MongoDB
- Version Control : Git, GitHub, GitLab
- Deployment : Android Studio
- Testing & QA : Jest, Unit Testing, TDD
- Methodologies : Agile, Scrum
- Soft Skills : Problem-solving, Debugging, Excellent Communication.

Professional Experience

Frontend Developer

Grid Dynamics | Hyderabad, India | *Feb 2024 – Jul 2024*

- Developed a **modern, high-performance** web application using Next.js, TypeScript, and Tailwind CSS, following best practices.
- Integrated and managed **RESTful APIs** to ensure smooth, responsive, and interactive user flows.
- Translated Figma wireframes into **pixel-perfect, reusable UI components**.
- Implemented **Server-Side Rendering (SSR)** and code-splitting to improve SEO and initial load performance.
- Participated in **agile ceremonies (sprint planning, stand-ups, retrospectives)**, contributing to timely feature delivery and cross-team collaboration.

Frontend Developer (React.js & React Native)/ UI/UX Engineer

OTSI | Hyderabad, India | *Dec 2021 – Jul 2023*

- Developed and maintained both web **React.js** and mobile **React Native** applications, ensuring seamless user experiences across platforms.
- Managed complex application states using **Redux and React Context API**, improving maintainability.
- Built **high-performance, responsive e-commerce features** with REST API integration, including product listings, order tracking, and payment gateways.
- Collaborated with design teams using **Figma**, creating **pixel-perfect interfaces** and improving user flows.
- Optimized **web and mobile app performance**, reducing load times and enhancing responsiveness.

Frontend Developer (React.js)

Zoxima Solutions | Noida, India | *Nov 2020 – Nov 2021*

- Developed a **feature-rich web application** using React.js, transforming Figma designs into **high-performance, responsive UIs**.
- Integrated multiple **REST APIs** to deliver dynamic and interactive features such as user profiles, search, and real-time messaging.
- **Optimized application performance**, reducing load times and improving responsiveness across devices.
- Designed and implemented **reusable UI components**, streamlining development and ensuring design consistency.
- Conducted **code refactoring and optimization**, enhancing maintainability and contributing to higher user engagement.

Frontend Developer

S7 Works | Hyderabad, India | *Jan 2020 – Oct 2020*

- Built **responsive, high-performance Single Page Applications (SPAs)** using React.js with a modular, component-based architecture.
- Refactored and modernized **legacy codebases**, improving maintainability and reducing technical debt.
- Designed and maintained a **shared UI component library**, reducing redundant code and speeding up feature development.
- Participated in **agile ceremonies**, contributing to faster release cycles and improved team collaboration.

Education

Master of Computer Applications (MCA)

Jawaharlal Nehru Technological University, Hyderabad, India, December 2016.
